

## Descent of a Prophetic Vision

Varathron

The first descent  
In a galaxial dust  
Beyond the great Ishtar  
The beloved of godz

Descent of a prophetic vision

All diseases are fallen  
Above like tyrants  
Crossing the frontiers  
Towards the flaming rivers

Descent of a prophetic vision

Uncertain words  
Spring by the cycle  
Ancient prophetic vision  
Seems to come true  
An endless hunting  
The key to humanity  
The declaration of the coming  
Is signed in the north stars  
(Eveth si on ythic fo dog numad eth ecuan fo yoy)
