

People Like Us

Vargas & Lagola

I say my piece but my heart do as it please
I can't change it, even if I try
People like us never say goodbye

Come rain, come shine
It doesn't matter as long as you're by my side
I see it, see it in your eyes
People like us never say goodbye

These open arms
Won't let it be
Your open arms
They set me free

We laugh (we laugh) and we cry (we cry)
And my flaws they got nowhere to hide
You should know that you're always on my mind
Cause people like us we never say goodbye

I know, these scars, won't heal any faster just because
Someone's wrong or someone's right
Cause people like us never say goodbye

You should know that you're always on my mind
Cause people like us we never say goodbye
People like us we never say goodbye
People like us we never say goodbye
People like us we never say goodbye
People like us we never say goodbye
People like us we never say goodbye
