

# Deliverance

## Varials

Show me deliverance  
Show me deliverance

Show me deliverance from these ways, make my words cut  
Show me deliverance  
Make them cut so deep you can feel it when you look at me  
Show me deliverance

Running out on all of your problems but you really can't go far  
And when there's no ink left, will you still feel barred?

Hand in hand, bound to another

Show me deliverance  
Show me deliverance  
Show me deliverance

Bound to another, hand in hand  
Go 23 years with the same old plan  
Will it get you far if you learn from me?  
I hope I don't disappoint

Deliverance, yeah

Show me the root of evil so I can free myself  
Show me deliverance  
Show me deliverance from these ways, make my words cut  
Show me deliverance  
Make them cut so deep you can feel it when you look at me  
Show me deliverance  
Show me the other side where the lion is let to play
