

In Darkness

Varials

Forcing through this hole
My spirit weak
A shadow feels familiar
I guess I live in its wake

The weight of what you've done
Towers above me
Its shadow grows and stretches
Farther than my eyes can see

In darkness, I
In darkness, why always me
Why not you
Or someone else for a change

Stuck in the dark

(In darkness, I
In darkness, why always me
Why not you
Or someone else for a change)

In darkness, I
In darkness, why always me
Why not you
Or someone else for a change

In darkness, I
In darkness, why always me

Stuck in the dark
Why always me
