

## Maze

## Variats

In my 25 years  
You could say I've learned a lot  
Of how not to be  
In this fucked up world

What do you see in this for you

It's a maze  
It's a challenge

What do you see in this for you  
What do you see in this for me

And I'd say it again  
But you don't even listen

Almost 25 years  
And you haven't learned enough

Time waits for no one
