### Varials

Round after round, day after day  
We play the same old game  
It's like I'm tied down to my fate  
I can't take much more  
Carve me deep like a parasite  
Buried in my body  
Kill it from within, power or poison?

Disavowed, bring my body down  
So you can finally see my soul hit the ground  
Disavowed (Disavowed), bleed my body out  
Forever now so I can never be found

Yeah, never be found

But my soul wants to leave  
(Time's running out)  
Focus your breathing  
I shut my eyes and wait for the poison  
To bring me to my knees  
It never leaves  
And I hope it never does  
Power or poison?

Disavowed, bring my body down  
So you can finally see my soul hit the ground  
Disavowed (Disavowed), bleed my body out  
Forever now so I can never be found

Power, poison  
You want power?  
Or poison?

Why me?  
What did I do to deserve all of you?  
Deserve
