

Where the fuck do you get off?
Playing me for a fool
Vegeance wasn't the only thing on my mind
But I knew what was on yours
A guilty conscience for leading me on
To think you weren't the same
Fool me once shame on you
Fool me twice shame on myself
You think you can run for eternity
But death waits for no one
I will drag you to where no one can hear you scream
You chose to live this way and now you will learn
Why do you look scared?
Your apologizes can't save you now
Cause the blame always falls on me
I can't let you live on spewing every lie
Since I was born alone this is how you'll die
