

Amaze Me

VaShawn Mitchell

I know that you can do it Lord
I know that you can do it Lord
I need you, I trust you
Amaze me, just amaze me

If I'm down, then I can't dance for you
And if I'm broken, then my song will not rise to you
Oh God, I need you once again, oh

And If I'm sick, tell me how can I be used
And if I'm empty, then my praise will not flow to you
Oh God, I need you once again, oh

For your glory I will see and notice you
Signs and wonders, do what only you can do
I will declare that your greatness will never end
Amaze me once again

I know that you can do it Lord
I know that you can do it Lord
I need you, I trust you
Amaze me, just amaze me

If I'm down, then I can't dance for you
And if I'm broken, then my song will not rise to you
Oh God, I need you once again, oh

For your glory I will see and notice you
Signs and wonders, do what only you can do
I will declare that your greatness will never end
Amaze me once again

Amaze me, once again
Master, I'm confident in you
Amaze me, once again
Healer, I'm confident in you
Amaze me, once again
Ruler, I'm confident in you
Amaze me, once again
Savior, I'm confident in you

Oh, I'm confident in you
Oh, I'm confident in you

Make me whole
Make me new
I'm confident in you

I'm confident in you [x4]

For your glory [x4]
