

Make A Way

VaShawn Mitchell

He gon' make a way, make a way, make a-
He gon' make a way, make a way, make a-
He gon' make a way, make a way, make a-, I know He will

He gon' make a way, make a way, make a-
He gon' make a way, make a way, make a-
He gon' make a way, make a way, make a-, I know He will

Chosen (Chosen)
Even when I'm broken (Broken)
I am never hopeless (Hopeless)
Nah
N-N-N-Nah, nah
Truth is (Truth is)
When I think of His goodness (Goodness)
Think of what I could' been (Could' been)
I'm a living witness that

He'll make a way, a way, a way
A way, a way, a way
A way, a way, a way, a way, a way, a way

He'll make a way, a way, a way
A way, a way, a way
A way, a way, a way, a way, a way, a way

Clap up
If you serve a good God, go on, clap up
If you been real good, go on, clap up
Clap up, clap, clap, clap, clap up
Clap up, clap up

Weeping may endure
Only for a night
Don't let the storm dim your light
Joy's coming for sure
It'll be alright

He'll make a way, a way, a way
A way, a way, a way
A way, a way, a way, a way, a way, a way

He'll make a way, a way, a way
A way, a way, a way
A way, a way, a way, a way, a way, a way

Clap up
If you serve a real God, go on, clap up
If you been real good, go on, clap up
When the Devil wanna act up, clap up
Clap, clap, clap, clap, clap, clap up
Throw your hands up, lemme see you clap up
If you serve a good God, go on and clap up
Clap, clap, clap, clap, now clap up
Clap up, clap up

He'll make a way, a way, a way

A way, a way, a way
A way, a way, a way, a way, a way

He'll make a way, a way, a way
A way, a way, a way
A way, a way, a way, a way, a way

Now can you testify for a minute?
Here we go, two, three, uh

When I think about Jesus
And all that He's done for me
My soul cries out
'Cause I already got the victory
Tried in the fire
Came out as pure gold

Tried Him for myself, and now I know, I know He will, will, will
I know He will, will, will
I know He will, will, will
Work it out just for you, I know He will
God will get you through, I know He will, will

Let me be a witness of all His goodness
Keep on pushing through this
He's got you, oh, whoa

Let me be a witness of all His goodness
Keep on pushing through this
Oh, whoa

Let me be a witness of all His goodness
Keep on pushing through this
He's got you, oh, whoa

Let me be a witness of all His goodness
Keep on pushing through this
Oh, whoa

Hold on
Don't you give up
Hold on

Hold on
Don't you give up
Hold on

Oh, don't you give up
