

May Have To Wait

VaShawn Mitchell

You said I can have whatever I ask
If I believe I have received
Said You would meet all of my needs
According to Your riches in glory

I'm holding on to what You said
I'm holding on to what You said

You said You'll fight my battle
If I keep still
No weapon formed shall prosper
And that You'll keep me
From hurt and danger
Said that You'll never leave me

I'm holding on (I'm holding on)
To what You said (to what You said)
I'm holding on (I'm holding on)
To what You said (to what You said)

And I may not see it now
Delayed is not denied
I may have to wait but that's ok
(I may have to wait but that's ok)
God's Word it cannot fail

I may not see it now
But delayed is not denied
I may have to wait but that's ok
(I may have to wait but that's ok)
God's Word it cannot fail

I may have to wait but that's ok
(I may have to wait but that's ok)
It ain't ever easy but I'm alright waiting on You my God
That's okay
(I may have to wait but that's ok)
I don't mind waiting on You yeah
(I may have to wait but that's ok)
I may have to wait but that's ok
(I may have to wait but that's ok)
(God's Word it cannot)
There's no failure
(Failure in our God oh no)
No
(There's no failure in our God oh no)

And there's nothing too hard for God
(Nothing)
Nothing
(Nothing)
Our God
(Our God cannot fail)
Has He ever left you no
Has He ever forgotten about you
(No)
Has He ever broke your heart

(No)

No

(No)

Has He ever failed you

(No)

Has He ever broke a promise

(No)

You ought to say no

(No)

Oh no

(No)
