

Over & Over

VaShawn Mitchell

Ohhhh, ohh, oh my, oh my, ohhhh
You can lay down
Know that His nature is nothing but mercy and kindness
The glory of every new morning revealing His likeness
His likeness
It's time to rest now, rest now
You've done all you can
It's in His hands, He is able
All that you have needed
The Lord has provided
He is faithful
He is faithful oh

There He goes again providing
There He goes again protecting me
Over and over again

How many times will He heal you
How many times will the Lord come through
Over and over again
Yeah

Over, over
Over
Over and over again
Over, over (You are faithful now)
Over and over again

Jesus You're patient
(You're not confined) You're not confined to my worry
You don't mind waiting
(I've seen enough)
I've seen enough of Your love to know
You won't fail me (You won't fail me)
There He goes again
There He goes again providing
There He goes again, ohhhhh
There He goes again protecting me
Over and over
Over and over again

How many times will He heal you
(I know what you can do) how many times will the Lord come through
(Ohhhh) over and over again

Over (so faithful)
Over and over (so holy)
Over, over (so consistent)
Over and over again
Now come on, someone raise this up

Nothing can separate me from Your love
(Cause You're faithful and true, You always come through)
My God will always come through, that's what He does

He does it over and over and over and over again
Over and over again

I've seen Him making ways for me
I know He'll do the same for you
Over and over again
Come on, somebody testify
You always come through
You always come through
You always come through
You always come through (You always)
You always, always, always
You always come through
Just when I need you the most
Oh God, yeah
You always come through
You always come through
You always come through
Yes, You always come through
You always come through
I know You to be consistent
You always come through
You always, always
You always come through
Hallelujah Thine the glory
You always come through
Hallelujah amen
You always come through
Hallelujah Thine the glory
Revive us
You always come through
Lord revive us, revive us
You always come through
Lord, revive us, revive us
You always come through
Come on say, always come through
You always come through
Over and over again
Over and over again
Over, over, over, over and over again
Somebody just think about what He's done for you
How He's been there, how He's been your healer
