Stood for Me

VaShawn Mitchell

There were times I thought I wouldn't make it
I admit I felt like giving up
Your grace and mercy found me
Your love was all around
When the pressures of life weighed me down
I'm so glad You
(You stood for me)

When I'm weak You are strong (You are strong)
You give me strength to carry on (strength to carry on)
You are perfect in all Your ways
God who reigns ancient of days
You did not let me fall
(I'm so glad) You stood (You stood for me)

(There were times I thought I wouldn't make it)
I admit (I admit I felt like giving up)
Your grace (Your grace and mercy found me)
Your love (Your love was all around)
(When the pressures of life weighed me down)
(I'm so glad) You stood (You stood for me)

You stood for me
(You stood for me)

Break it down

(If God is for me)
Who can
(Who can stand against me)
And if God is for me
(If God is for me)
Who can stand
(Who can stand against me)

Drop it right here
(If God is for me)
Who can stand against me
(Who can stand against me)

Come on everybody say if
(If God is for me)
Who can stand against me
(Who can stand against me)

If God is for me
(If God is for me)
Who can stand against me
(Who can stand against me)

Special Chant... (Oh...)

Yes God is for me
No one stands against me

Put your hands on it
Put your hands on it

Clap your hands

My strength (my strength)
And my shield (my shield)
With You (with You I have no fear)

Father You are my strength (my strength)
And my shield (my shield)
I shall have no fear (with You I have no fear)

The strength of my life (my strength)
Yes You are (my shield)
(With You I have no fear)

My strength (my strength)
And my shield (my shield)
With You (with You I have no fear)

Say yes God (Yes God is for me)
God is fighting for me (Yes God is for me)
Lifting up the standard (Yes God is for me)
Yes He is (Yes God is for me)
Yes God (Yes God is for me)
God is for me (Yes God is for me)
God is for me (Yes God is for me)
Yes God (Yes God is for me)

And who can stand against (Nobody)

Nobody can (Nobody nobody nobody no nobody)

Neither height nor depth (Nobody)
No principality (Nobody)
Nobody can (Nobody nobody nobody no nobody)
Say nobody (Nobody nobody)
