

# Working Together

VaShawn Mitchell

No, it won't be too long  
No match for your faith  
It's just a storm  
And you know that he  
He won't let you fall  
Like I said before  
Your trouble won't last always

You're called according to his purpose  
God is no respecter of persons  
He will set you free  
In time you'll see

It all works together  
It's working together  
It's working together for your good  
(It's working)  
It's working together  
(Everything is)  
It's working together  
(I believe it is)  
It's working together for your good

(Just look to the hills)  
Just look to the hills for which cometh your help  
(Your help)  
Your help comes from him  
(I know that he's able)  
I know that he's able  
(My God is)  
Yes, God is able  
(Just look to the hills)  
Just look to the hills for which cometh your help  
Your help comes from him  
(I know that he's able)  
I know that he's able  
(Yes, God is able)  
Yes, God is able

(Can we all say, it all works together)  
It all works together  
(It's working together)  
It's working together  
(Everything is)  
It's working together for your good  
(It's working together)  
It's working together  
(Keep trusting and believing)  
It's working together  
(That everything is working)  
It's working together for your good  
(It's working together, for your good)  
(Come here Taelia, talk to somebody, tell'em)

And though your heart is breaking  
(Your life)  
Your life is his to save it

(Hold on)  
Hold on to his hand  
(He won't let you fall)  
He won't let you fall  
(Ouuu...)  
And though your heart is breaking  
(Your life is his)  
Your life is his to save it  
Hold on to his hand  
(He won't let you fall)  
He won't let you fall  
(All though your heart is)

And though your heart is breaking  
(Your life belongs to him)  
Your life is his to save it  
(You better hold on)  
Hold on to his hand  
(Ye-ah)  
He won't let you fall  
(Ye-ah, all though)

All though your heart is breaking  
(God knows it gets a little tough sometimes)  
Your life is his to save it  
(But if you just hold on)  
Hold on to his hand  
(Hold on to his hand)  
He won't let you fall  
(Ahh-wooo...)

All though your heart is breaking  
(You may have to cry sometimes) (he's a mender to the broken hearted)  
Your life is his to save it  
(But your life belongs to God)  
Hold on to his hand  
(He won't let you fall)  
He won't let you fall  
(Hold on...)

All though your heart is breaking  
(Broken hearts get fixed)  
Your life is his to save it  
(Broken hearts get healed)  
Hold on to his hand  
(Broken hearts get mended)  
He won't let you fall  
(Yeee-aah, ye-aah) (c'mon tell somebody wherever you are)  
And though your heart is breaking  
(Broken hearts get mended)  
Your life is his to save it  
(His name still means Ra)  
Hold on to his hand  
(Yeah, yeah, yeah, yeah, yeah, yeah, yeah)  
He won't let you fall

(Hold on to his hands)  
He won't let you fall  
(Ay, ay, ay, ay, ay - hold on to his hands)  
He won't let you fall

(Oh-oh, live)

(Ay, ay, you gotta keep getting up in the morning, live)

(Live, oh, hold on my brother, hold on, my sister, you, you... gotta live)
