

# Don't Believe What They Say

Vashti Bunyan

You say that you'll always love me  
That you'll never leave me blue  
Don't you know that that's all fallacy  
Don't you know it's not true

You may want the love they talk about  
But it isn't like they say  
You will find that come tomorrow  
You won't feel this way

When you say that you're in love with me  
Do you really know what you mean  
Or are you saying it because you've heard of it  
Or because of something you've seen

Oh don't believe that love brings happiness  
Gone tomorrow here today  
Love involves so much unhappiness  
Don't believe what they say
