

Doomsday

VASSY

I'm on my toes, till I escape
Can't hesitate, I'm on my way
To find somewhere safe before I run out of time

And when I reach the end of the road
I know that I'll be happy with the path that I chose
Ya when I make it to the end of the road, I know I'm prepared f
or
I know I'm prepared for

Doomsday whoa oh oh oh whoa oh oh
Doomsday whoa oh oh oh oh oh ohh

I fear the unknown but believe in this road so I'm leaving
The whole world behind
Yea you reap what you sow and the future is close
So I'm leaving alone in the night

And when I reach the end of the road
I know that I'll be happy with the path that I chose
Ya when I make it to the end of the road, I know I'm prepared f
or
I know I'm prepared for

Doomsday whoa oh oh oh whoa oh oh
Doomsday whoa oh oh oh oh oh ohh
