

Just Can't Get Enough

VASSY

Boy, I think about it every night and day
I'm addicted, and I jump inside your love
I wouldn't wanna have it any other way
I'm addicted, and I just can't get enough
Yeah, yeah

Honey got her sexy all steaming
Giving her hotness a new meaning
Perfection, boy you got me gleaming
Inception, you got a girl dreaming, dreaming
Damn, baby, I'm fiendin'
Tryna holla at you, I'm screaming
Let me love you down this evening
Love you, [?], I lovie love you, oh

Boy, I think about it every night and day
I'm addicted, wanna jump inside your love
I wouldn't wanna have it any other way
I'm addicted, and I just can't get enough
Ah, ah
I say

Boy, I think about it every night and day
I'm addicted, wanna jump inside your love
I wouldn't wanna have it any other way
I'm addicted, and I just can't get enough
