

LOST

VASSY

Can't find the light in the middle of the night
Can't feel my feet when the river runs deep
I close my eyes, a thousand times and all I see is you

I'm flying high
It's do or die
I wanna feel the fall
I wanna lose control
It's black and white
So wrong it's right
I do it to myself

If I had to get lost to find you
I would lose myself again
If I had to get lost to find you
I would lose myself again
If I had to get lost to find you
I would lose myself again
If I had to get lost to find you
I would lose myself again

If I had to get
If I had to get

I feel the pleasure hidden in the pain
I feel the sunlight, fall through the rain
But I searched for you, but I searched for you
At time and time again

I'm flying high
It's do or die
I wanna feel the fall
I wanna lose control
It's black and white
So wrong it's right
I do it to myself

If I had to get lost to find you
I would lose myself again
If I had to get lost to find you
I would lose myself again

If I had to get

If I had to get lost to find you
I would lose myself again
If I had to get lost to find you
I would lose myself again

If I had to get
