

Lucky Day

VASSY

Wake up smellin' the coffee
Check messages on the phone
It's like the whole world loves me
There ain't no place like home
Read the morning paper
Good news for a change
Sunshine till the end of time
Zero chance of rain
Music playin' outside
Since the break of dawn
Dogs runnin' round in circles
There's a party going on

Cause it's my lucky day
It's my lucky day
I can feel it in my bones
All I touch will turn to gold
Cause it's my lucky day
It's my lucky day
Feels like nothing can go wrong
Now everybody sing along

It is my
Lucky day
It is my
Lucky day

Drivin' to the ocean
Friends up in the car
Top down, feel like a million
Just like a superstar
Whatever I got with me
Is exactly what I need
The sky above the Earth bellow
And the air I breathe

It's my lucky day
It's my lucky day
I can feel it in my bones
All I touch will turn to gold
Cause it's my lucky day
It's my lucky day
Feels like nothing can go wrong
Now everybody sing along

It is my
Lucky day
It is my
Lucky day
Everybody go
It is my
Lucky day
It is my
Lucky day

I fell in love, I found a dime
I had a dream [?] time

I made a wish, I did my best
I had a taste of happiness
I took a chance and didn't lose
I walked in someone else's shoes
I paid some dues, had no regrets
I had a taste of happiness

Ayo
I had a taste of happiness
Ayo
I had a taste of happiness
Ayo
I had a taste of happiness
Ayo

It's my lucky day
It's my lucky day
I can feel it in my bones
All I touch will turn to gold
Cause it's my lucky day
It's my lucky day
Feels like nothing can go wrong
Now everybody sing along

It is my
Lucky day
It is my
Lucky day
Everybody go
It is my
Lucky day
It is my
Lucky day
It is my
Lucky day
