

Scream It Loud

VASSY

Oooo-oo-oo-ahh
Oooo-oo-oo-ahh
Hey-ay-ay-yeah
Hey-ay-ay-yeah
Hey-ay-ay-yeah
That feeling

A thousand lights, a million souls
You're singled out and you're carrying your own
A billion stars burnin' up the sky
Flame in sight gonna carry you home

You know you want to see it
You know you want to be it

Turn it up, tear it down
Scream it loud, hey-ay-yeah
Turn it up, tear it down
Scream it loud, hey-ay-ay-yeah
Hey-ay-ay-yeah
Hey-ay-ay-yeah
Hey-ay-ay-yeah
That feeling

Flying high, not alone
I feel your eyes follow everywhere I go
Loving arms protect me from the cold
It's the fire in your heart that's keeping me warm

You know you want to see it
You know you want to be it

Turn it up, tear it down
Scream it loud, hey-ay-yeah
Turn it up, tear it down
Scream it loud, hey-ay-ay-yeah
Hey-ay-ay-yeah
Hey-ay-ay-yeah
Hey-ay-ay-yeah
That feeling

What do you get when you're given nothing?
Another chance to believe in something
All around as the walls keep crumbling down

Turn it up, tear it down
Scream it loud, hey-ay-yeah
Turn it up, tear it down
Scream it loud, hey-ay-ay-yeah
Hey-ay-ay-yeah
Hey-ay-ay-yeah
Hey-ay-ay-yeah
Hey-ay-ay-yeah
