

# Stand Out

VASSY

[?] a touch generation  
Taking the nation  
Watch how we do it  
Got a new education  
Ain't nobody like us  
Nothing can stop us  
'Cause we aim high  
Like the stars in the sky

'Cause we're tough, we're loud  
We're who you wanna be  
So roll with us  
And watch us scream

We say, hey  
We don't care what they say  
They can keep looking our way  
It's better to stand out  
And hey  
We don't care what they say  
We're gonna do it our way  
It's better to stand out  
Than play safe  
It's better to stand out  
Than play safe

One, two  
One, two, three

You see these rules are for breaking  
The prize is for taking  
When we bring the fire in your boots  
You'll be shaking  
'Cause we keep it real  
You know the deal  
So come mess with us  
And we can show how

You see, we're tough, we're loud  
We're who you wanna be  
So roll with us  
And watch us scream

We say, hey  
We don't care what they say  
They can keep looking our way  
It's better to stand out  
And hey  
We don't care what they say  
We're gonna do it our way  
It's better to stand out  
Than play safe  
Better to stand out

Hey  
Yeah we coming, man, you know it  
Hey

Yeah you know it when you hear us  
Say hey  
We be coming, man, you know it  
Hey  
Yeah you know it when you hear us  
Say hey  
We be coming, man, you know it  
Yeah you know it when you hear us  
Say hey  
We be coming, man, you know it  
Yeah you know it [?]

One, two  
One, two, three

So put your hands up, hey  
We don't care what they say  
They can keep looking our way  
It's better to stand out  
And hey  
We don't care what they say  
We're gonna do it our way  
It's better to stand out  
Than play safe  
It's better to stand out  
Than play safe
