

Trouble

VASSY

I thought I saw an angel
My fall from grace was painful
When I saw the monsters
You keep inside
You crawled under the table
But I'm in love with danger
And I wanna know
All the secrets you hide

When I'm too far gone
Ain't nobody can save me
(You bring the devil outta me)

God help me, I'm in trouble
Boy you're bad for me but still I want you
'Cause your touch is more than I can handle
And only you, you bring the devil outta me

God help me, I'm in trouble
Boy you're bad for me but still I want you
God help me, I'm in trouble
And only you, you bring the devil outta me
(Trouble, trouble, tr-
Trouble, trouble
I'm in trouble, trouble)
You bring the devil outta me
(Trouble, trouble, tr-
Trouble, trouble
I'm in trouble, trouble)
You bring the devil outta me

You light the spark within me
And I can see the ending
It ain't gonna be like
A fairytale kind

Just something reminiscing over James Dean
Rebel nature, baby, bliss wrapped in a bad dream
'Cause I'm thinking 'bout ya
Yes, I'm drowning in your eyes
(You bring the devil outta me)

God help me, I'm in trouble
Boy you're bad for me but still I want you
'Cause your touch is more than I can handle
And only you, you bring the devil outta me

God help me, I'm in trouble
Boy you're bad for me but still I want you
God help me, I'm in trouble
And only you, you bring the devil outta me
(Trouble, trouble, tr-
Trouble, trouble
I'm in trouble, trouble)
You bring the devil outta me
(Trouble, trouble, tr-
Trouble, trouble

Yeah, I'm in trouble, trouble)
You bring the devil outta me

Trouble, trouble, tr-
Trouble, trouble
Yeah, I'm in trouble, trouble
You bring the devil outta me
