

everything is falling apart again

vaultboy

Something's off
But no one seems to notice in the night time
People talk
But nobody has anything to say, oh
I can't stop
Feeling like I'm walking on a fine line
I was taught
To suck it up and go about your day, oh

But inside of me I'm screaming, weeping, shut down
Waiting 'til my moment ends
I ain't barely sleeping, wishing this was
Only just a dream but

Everything is falling apart again
Breathing but don't think I'm getting oxygen
I used to believe I had it figured out
But I can see the world around me burning down
Everything is falling apart again
I can feel the cataclysm in my head
I can't talk about it, it's embarrassing
'Cause no one seems to notice that it's happening
How everything is falling apart again

It's so loud
But I don't think that anyone is listening
Ego clouds
Leaving conversations in a haze, oh
Breathe in, out
Just another drink to make it easy
One more round
And everyone will think that they're okay, oh

But inside of me I'm screaming, weeping, shut down
Waiting 'til my moment ends
I ain't barely sleeping, wishing this was
Only just a dream but

Everything is falling apart again
Breathing but don't think I'm getting oxygen
I used to believe I had it figured out
But I can see the world around me burning down
Everything is falling apart again
I can feel the cataclysm in my head
I can't talk about it, it's embarrassing
'Cause no one seems to notice that it's happening
How everything is falling apart again, yeah

(-part again)
(Everything is falling apart again)
(Everything is falling apart again)
(Everything is falling a-)
(Everything is falling a-)
(Everything is falling apart again)
