

Back on our first date
Ordering drinks, two glasses each and medium rare steak
I wanted you so bad, I wanted you in the worst way
Yeah, you had me weak in the knees but now I'm in need of some First
Aid (First Aid)

We were doomed from the first day (First day)
Said, "Take it slow", how could we know that we had a fast pace? (Fast
pace)
I wanted us so bad, I wanted you in the worst way
Now I'm writing songs about us 'cause we couldn't get on the same page,
no-o-o-o

But that's the way it go-o-o-o-o-o-o-oes
Oh, I hope you know-o-o-o-o-o-ow

I'm frozen
In every memory, I'm with you
I'm hopeless
Couldn't forget if I wanted to
But that's the way it go-o-o-o-o-o-o-oes
Oh, I hope you know-o-o-o-o-o-ow
I'm frozen

I was staying in your place
Up on the screen, beautiful scenes, I was staring at your face
I wanna go right back all day
Yeah, you had me head over heels then left me behind with a heart ache,
yeah, yeah

You and me, we can't get back what we used to be
And it makes it worse that we're still friends
'Cause that means that we won't be anything ever, not ever again

I'm frozen
In every memory, I'm with you
I'm hopeless
Couldn't forget if I wanted to
But that's the way it go-o-o-o-o-o-o-oes
Oh, I hope you know-o-o-o-o-o-ow
I'm frozen
In every memory, I'm with you
I'm frozen
And I'm frozen

I wonder what it would've been like
If I wasn't doing it my own way, oh-oh-oh-oh
I can't say that it's your fault, no
I'm digging the dirt for my own grave, no, no, no, no, no
