

hello, goodbye

vaultboy

What happened?

Laying there together on my mattress
I thought everything was so fantastic
But maybe you have something different in mind
What happened?
I was Jack and you were Rose, so tragic
Now we're a ship that's going down, Titanic
But only one of us is gonna survive
(Not me)

I watched every plan that we have disappear, and now I feel bad
I won't get to take you out and show you
I'm the one for you

Now it's hello, goodbye
I really hope you have a happy life
And find the kind of thing that you could never
Have with me
Finally
I'm good, I'm fine
I'm not, I lied
Hello, goodbye
I really hope you have a happy life
And find the kind of thing that you could never
Have with me
Finally
I'm good, I'm fine
Hello, goodbye

Yeah
What happened?
Spending all night on the phone, straight laughing
But now I call you and I just get static
Wish the silence told me where it went wrong
And maybe one day I'll forget it
But right now I still remember
We were gonna get together
When we got some colder weather
In December, we were gonna get a cabin by the beach
Let the waves sing us to sleep
But then you had to up and leave

Now it's hello, goodbye
I really hope you have a happy life
And find the kind of thing that you could never
Have with me
Finally
I'm good, I'm fine
I'm not, I lied
Hello, goodbye
I really hope you have a happy life
And find the kind of thing that you could never
Have with me
Finally
I'm good, I'm fine
Hello, goodbye

Hello, goodbye
Hello, goodbye
Hello, goodbye
I'm good, I'm fine
Hello, goodbye
