

## Paradise

## Vaults

To struggle on in sweet decay  
Or to hunger 'til you're blood  
And the ones you love and the ones you hate  
Oh, they are never far behind  
Oh, but you sacrifice [?]  
To leave their bones behind  
'Cause the more you take, well the more you lose  
And you will never, no peace of mind

Hard to find paradise  
Before it's lost, I will try  
To find paradise  
Before it's lost, I will try

To be the tree that bears the fruit  
Oh, to scratch until you bleed  
But for all the lies and the broken vows  
There was a shallow truth beneath  
Oh and the merry pair [?]  
In the [?] of you  
And young kin will now carry you  
Will least [?]

Hard to find paradise  
Before it's lost, I will try  
To find paradise  
Before it's lost, I will try
