

# To Write A Symphony

Vaux

Tried to write a symphony  
But i seemed to have forgotten the melody  
Tried to have it all  
Tried to conduct this orchestra  
But the strings didn't work out quite right  
Tried to have it all  
The meter is all used up  
And i don't know if i can ever leave this time  
Long-hand letter  
Lick the stamp that's sent to you  
As fields afar fly by car windows  
Springtime dreams of green  
Make an old time friend a new time lover.
