

Into You

VAV

It was just a one day
Before I just have met you, baby
Why you move so wavy
You're making me dumb

Don't smile like that, you so tasty
You're making me so crazy
Because of you, I think I got into you

Flower calls the butterfly, yeah
You look nice, I'm not gonna lie
I know its different, feel so high

I've never felt this way
Before you come into me
I'm on my way just for you

You, you, want you, baby
Cannot stop hide my feelings
You, you always make me
Feel so high

No more words can draw it
Feeling something like this
But one thing for sure, I can say
I got into you

Oh, oh
Na-na-na-na-na-na
Into you
Oh-um
Into you

Mayday, can't believe my day, day
You came inside of my day, day, my baby
Touch me, face me
Look at me, you lovely
Crazy
You always make me crazy

Love, I've never thought of it
Love, It's coming through of us
Touch me all night, feel me deep in the night
You make me so shy
Do not smile like that, baby
You got me inside of your eyes

I've never felt this way
Before you come into me
I'm on my way just for you

You, you, want you, baby
Cannot stop hide my feelings
You, you always make me
Feel so high

If you read what I'm think

Just call me, I'll be there
All you have to do is just say yes

You, you, want you, baby
Someone who got me, and that's you, baby
You, you stop it, lady
Look at me, smile at me makes me crazy
Feeling high, it seems like it's too hot
Look at me when you got me too tight
You're my dope, you're my dope
I got intoxicated
By you, and no way out of you now

You, you, want you, baby
Cannot stop hide my feelings
You, you always make me
Feel so high

Come closer before the sunrise
You shine bright just like the moonlight

Hey one thing for sure, I can say
I got into you

Into you

Oh, oh
Na-na-na-na-na-na
Into you
