Cyant eat da coins  
Cyant eat banknotes  
Cyant you see things went completely wrong  
Cyant eat da guns  
Cyant eat da news  
What TV shows me is pure abuse  
Digital media dont make food chain  
Is yet too late fi world to a change  
Is there a hope for da mankind  
Is this ya globe falling apart  
Is this a fruit of technological progress  
Species and kinds dem all in a mess  
Thunder and lightning  
Earthquake and flood  
This is world is going to a no good  
When the last tree is fallen down  
Will there be any to hear dat a sound  
When the last river is dry like a dust  
Will there be any to recall da past
