

# Girls Of The Year

VCHA

Who's that girl we haven't met?  
Oh, she's glowin', drippin' confidence  
Oh, yeah, oh, yeah  
Used to live life on the fence  
But I've been workin' hard  
Now, my heart is beatin' different  
Get a little closer, a taste of it  
Level up my energy, gonna get my destiny  
Revving up that motor, I'm burnin' it  
I can't get enough  
I'm never gonna not go for it

All my inhibitions gone  
I've been waitin' way too long  
No, the mirror don't tell me lies  
Now, I'm feelin' so free

Baby, tonight's like a dream  
Oh, I bet you never thought you'd see  
Girls of the year  
Yeah, that's we  
Something that you never thought we'd be

Feel like girls of the year (Girls of the year)  
Dressin' up like dynamite  
Feel like girl of the year tonight (Girls of the year)  
Girls of the year (Yeah)

I wanna thank myself, I wanna thank myself  
For the way that I turned it up  
I never let me down, not that easy  
Revving up that motor, I'm burnin' it  
I can't get enough  
I'm never gonna not go for it

All my inhibitions gone  
I've been waitin' way too long  
No, the mirror don't tell me lies  
Now, I'm feelin' so free

Baby, tonight's like a dream  
Oh, I bet you never thought you'd see  
Girls of the year  
Yeah, that's we  
Something that you never thought we'd be

Feel like girls of the year (Girls of the year)  
Dressin' up like dynamite  
Feel like girl of the year tonight (Girls of the year)  
Girls of the year

Got that superstar shine bright feelin'  
No more doubtin' and no glass ceilings  
Step it up a notch  
Hit that peak, yeah  
Right now, I'm feelin' so free

Baby, tonight's like a dream  
Oh, I bet you never thought you'd see  
Girls of the year  
Yeah, that's we  
Something that you never thought we'd be

Feel like girls of the year (Girls of the year)  
Dressin' up like dynamite  
Feel like girl of the year tonight  
Girls of the year (Girls of the year)  
Dressin' up like dynamite  
Feel like girl of the year tonight
