

Battleship

VEDO

Oh oh
This is your captain speaking
It's Vedo, Baby

This is the last call
For you to come board my ship
I'ma take you on a trip tonight
Girl, I want it all
Can I see the water drip
[?] your botton lip
You know

There's no need for luggage
All we need is lovin'
Nobody knows what we gonna do
We can do it in the shower
The kitchen on top of the counter
Anywhere I'm going give it to you

I can be the captain of the ship
Right between your hips
Sail the seven seas
Baby climb on top of me
Make it rain on me
Messing up the sheets
Screaming out my name
Can you feel my submarine baby
Oh-oh-oh
The sounds you gonna be making
Hope that you can take it
I'ma have your body shaking
Like oh-oh-oh
My hand around your ankles
I'm about to drop my ankles
Welcome to my battleship girl

Let's sail on a sunny day
No time to waste, baby
See I never felt
A touch so gentle
But the way of it knocks me off my feet
Oh

There's no need for luggage
All we need is lovin'
Nobody knows what we gonna do
We can do it in the shower
The kitchen on top of the counter
Anywhere I'm going give it to you

I can be the captain of the ship
Right between your hips
Sail the seven seas
Baby climb on top of me
Make it rain on me
Messing up the sheets
Screaming out my name

Can you feel my submarine baby
Oh-oh-oh
The sounds you gonna be making
Hope that you can take it
I'ma have your body shaking
Like oh-oh-oh
My hand around your ankles
I'm about to drop my ankles
Welcome to my battleship girl

Kiss it from the back
While grabbing your thighs
You can ride my wave
Give her ammunition
My mission
My kisses got you feeling some way
Now we can do anything that you want to
Touching on my body
You can see all my tattoos
Up before the sun
Asking for a round two
I'm the captain of the ship
And I'ma do what I want to

I can be the captain of the ship
Right between your hips
Sail the seven seas
Baby climb on top of me
Make it rain on me
Messing up the sheets
Screaming out my name
Can you feel my submarine baby
Oh-oh-oh
The sounds you gonna be making (The sounds you gonna be making)
Hope that you can take it
I'ma have your body shaking
Like oh-oh-oh
My hand around your ankles (My hand around your ankles)
I'm about to drop my ankles
Welcome to my battleship girl

You like that?
