

Come First

VEDO

It's Vedo baby

I gotta slow it down
I'm finna slip grippin' yo' hips
Tappin' out
I hate to finish soon, what to do now
All in my head strokin' you now
Don't be surprised when I slow it down
Stop for a minute let's cool down
Too wet can't go full out
Look in your eyes when I go down
Just to get right for the pull out
I might now pull out
You showin' out

Girl

I hope I don't cum first
You deserve your moment (Your moment)
I'm willing to do
Anything you want
I'll put in the work
Love it when you
Arch ya back look back
Bite ya lip and do all that shit (All that shit)
Make a mess you can't catch your breath
When you taking it (Taking it)
I hope I don't cum first
You deserve your moment (Your moment baby)

And I hope you don't cum first too
'Cause boy I'm 'bout to work you
When I put it on you real good
Grippin' on you real tight
Give me more
Can't keep up might as well
Go home for the night

'Cause I'm gone ride 'til the sun on go
And I just hope you don't bust don't blow
You be tryna stop but I stay on go
Take it from the car to the bed to the flo'
