

# Come Over

VEDO

(Oh, yeah)  
Yeah, it's Vedo, baby  
How you gon' act like I don't rock your world?  
How you gon' act like I don't love you, girl?  
How you gon' act like I don't do you better than him?  
Get you wetter than him?  
I showed you better than him  
Oh, no, no, no, stop playin' with me  
I'm highly capable, girl, so don't try me  
You know that I been with it, yeah  
All of this shit you talking, gon' get you married  
Take you to meet my parents  
It's apparent you think I'm playin'?  
And you don't hear what I'm sayin'

(So can I come over?)  
Come on over, baby  
(Come over) Come on over  
(So baby, come over)  
Come over, come over now, come now  
(Come over) Right now  
(Come over) Can I come over?

I can pull up on you now, what's the deal? (Come over)  
Tonight, girl, I got time (So baby come over)  
I want you to know how I feel (Come over)  
Right now, right now (Baby come over)  
I know what you want, baby, don't test me, ooh  
I know what to do, I know what to do, oh  
Girl, come and catch this vibe  
You know you need me, girl, come and see me  
I'm not gon' waste your time

Oh, girl, I bet you don't talk that shit when I see you  
I won't be too long (Baby, come over)  
It's apparent you think I'm playin'  
And you don't hear what I'm sayin'

(So can I come over?)  
Oh, can I come over, girl?  
(Come over) Come on over  
(So baby, come over) Come over, girl  
Oh, yeah, right now, oh, yeah (Come Over)  
(Can I come over?)

I can pull up on you know, what's the deal? (Come over)  
Tonight, girl, I got time (So baby, come over)  
I want you to know how I feel (Come over)  
Right now, right now (Baby, come over)
