You done messed around on the wrong one
I done put you on, now you on one
Actin' like you don't believe in karma
Why you gotta be complicated?

Guess love is overrated, yeah

So you switchin' now
You done got your bag up, on a mission now
Good credit, good job and now you trippin' now
Guess you forgot who put that vision in your mental now
Yeah, friends in your ear
But you don't really know that they don't want you here no more
They was in the DM, you was talkin' crazy and they was tryna see him
Ooh, yeah (Yeah)
I try to spare you, try to keep it to myself but shawty makin' me go there (Ay)
It was all good when it wasn't good, now you act like you don't care

You done got corrupted by them other women
Maybe that's my karma for them bad decisions
Just know that when I see you, girl, I'm fucked up with you
Damn right, I'm salty
Damn right, I put the time into you and lost it
Yeah, I hate that you bowed out before we even fought it
But the grass is only greener where you water it
I'm tired of it
