

Yeah

It's Vedo, baby, yeah

I pull up out front, I'm ready to slide

Flight leave at 9:45

Got yo' bags packed, you lookin' fly

Either you gon' take 'em off or pull 'em to the side

Either way

Have you ever fucked with a nigga that made you wait?

Persona just like I'm a drug dealer with major weight

I'm a general, these other niggas just a major pain

You know what I'm sayin'

She aks me, "What you bring to the table?"

Girl, I'm bringin' love and good dick

And I got a couple commas in my bank account

And I can invest in your business

Girl, I do what they can't 'cause I'm able

I can really show you how to hit a lick

'Cause I'm really, really rich and I'm really with the shits

Shawty, let me tell you how it is, uh

Shawty, when you fuckin' with me (Yeah)

I'ma make it easy to see (Yeah)

Show you all my lovin' come with a fee

My dick ain't free, no, this dick ain't free

Baby, it won't cost you a lot

It won't cost you a lot

Just give me everything that you got

Give me everything that you got

I want ya heart and a PS5

My dick ain't free, no, this dick ain't free, yeah

What ya sayin'?

Baby girl, I ain't playin'

I can get you lit, have you goin', just tell me what you payin'

I'm sorry, baby, but you can't just get it, I know I'm really slayin'

No credit card, no Cash App, need money in my hand, woo

Tell the truth, you know what I do to you

Don't you let them other niggas make a fool of you

All you gotta do is say you love me, and baby

And then after that, girl, I love you but pay me
