

Do You Mind

VEDO

Oh no no no no no
It's Vedo baby

Shawty wanna do me yeah
Told me set the camera up she wanna make a movie ohh
I can tell it's juicy, yeah
Know I'm on that liquor when I'm feelin' on her booty yeah
Oh no

I wanna show you some things for your eyes only
Oh yeah yeah yeah
I know this your song when it came on it brought out the freak
Oh yeah yeah yeah

Better play nice
Bottle poppin' 'til the daylight (Daylight)
I put you on if it feels right (Ooh)
Let's keep it goin' 'til there's no más, yeah

Do you mind (If I come through)
Mind (If I touch you)
Mind (If I mess up yo' frontal)
Pour it up, roll it up, we can smoke too
Do you mind (Put it in my face)
Do you mind (Make you tap out, don't play)
Do you mind
Over on the westside, the best side
You know it's only good vibes
Do you mind

Do you mind girl, do you mind
Will you let me do you right
Can I have the night
Don't make me ask you twice
I like what I like, I'm not the type that's gon' stalking you
Oh I know I'm a playa but I wait up, shoot my shot and then I follow through
You so good, I wanna give my heart to you
Put that ass in park and send a car to you
I sure would
Lick it then I talk to it
Hit it now you walk different (Walk different)

Do you mind (If I come through)
Mind (If I touch you)
Mind (If I mess up yo' frontal)
Pour it up, roll it up, we can smoke too
Do you mind (Put it in my face)
Do you mind (Make you tap out, don't play)
Do you mind
Over on the westside, the best side
You know it's only good vibes
Do you mind
