

# Face Down

VEDO

(Yeah)  
Vedo baby  
(OG Parker)

You know my body  
Your ex nigga, I'm not  
You pop that freak shit on the phone (Yeah)  
Just wait till I get back home (Yeah)

You gonna try to run from it, but  
You gotta stand on it now  
I'ma make you take it all this time  
When I pin that ass down  
You say it's all mine and it's up to me  
Then, girl, this is all that I need

I want you face down, ass up  
On all fours  
Girl, you can scream all night long  
Girl, I want you to myself

You say you ain't got nothin' on  
Show me, send it to my phone  
Make a nigga wanna clock out and  
Pull up on you, blow your back out and  
Apply that pressure until you pass out and

You gonna try to run from it, but  
You gotta stand on it now  
I'ma make you take it all this time  
When I pin that ass down  
You say it's all mine and it's up to me  
Then, girl, this is all that I need

I want you face down, ass up  
On all fours (All fours)  
Girl, you can scream all night long  
Girl, I want you to myself

Ooh, baby  
Things that you do drive me crazy  
I want you all to myself, you know  
You sayin' that it's all for me  
You know I do the most

I want you face down, ass up (Yeah)  
On all fours (All fours)  
Girl, you can scream all night long (Scream)  
Girl, I want you to myself

Face down, ass up
