VEDO

Let me talk to you  
Look down  
It's Vedo, baby, yeah

Too many times, stay on my mind  
Let's cross that line, I'll do it right  
Girl, what's your sign? We're so aligned  
Done wastin' time, just tell me it's mine  
Girl, bring them freaky secrets, I want your undivided  
Show me that you deserve it, drown in your love - Poseidon  
Girl, I'll be gentle fuckin' your mental  
Before I commence to makin' it official  
Let's make sure it ain't no issues, babe

Whisper your fantasy  
Let's paint this masterpiece  
I need your energy  
For my sanity  
What's your fantasy?

Anywhere  
On the couch, on the table  
Anywhere I'm able  
This is what's it made for  
Anywhere  
Stretch you out, then I taste you  
Know you like a chase too  
So, baby, what's your fantasy?

Is it me all night long in your dreams, babe?  
Makin' love to your song, got you singin', baby  
Take you high when I'm low, never let you go  
Oh, I love when you're submissive  
Let me show you somethin' different  
We can do it in the backseat, windows up  
Leg room, Bentley truck  
You know what's up  
On the beach, balcony  
Countin' stars in the rain  
We're makin' love  
I can tell you're different, I won't ever reposition  
When I make you say my name, girl

Whisper your fantasy (ooh, yeah)  
Let's paint this masterpiece (Let's paint this masterpiece)  
I need your energy (I need that)  
For my sanity (right now)  
What's your fantasy?

Anywhere (oh, yeah)  
On the couch, on the table  
Anywhere I'm able  
This is what's it made for  
Anywhere (anywhere, yeah)  
Stretch you out, then I taste you  
Know you like a chase too  
So, baby, what's your fantasy?
