

It's Vedo Baby

Want to but can't leave it lone babe, girl that pussy like a coupe
In the rain without no roof
That shit a get you a song babe
Ain't no telling what I'd do
2 am and you come through
Talk to me now talk to me now
You love it when I go down
So deep you think I might drown
You got that one of a kind fuck wit my mind
Love when you open it up
And shower me with your love yeah

Don't need no chaser girl I want you straight up
No ain't no limit when I finish this cup
You been on my mind think a nigga fell in love
Hennessy & Weed girl that's all we need

Girl we don't need no bedroom or slow Jams
Girl you already set the mood with your hands
Now all I need is Hennessy and you
Hennessy and you, Hennessy and you, Hennessy and you
Girl that kitty like a henny double shot mess around
And make the neighbors call the cops you know you know girl
That's that Hennessy and you, Hennessy and you
Girl you know what's up that Hennessy a fool

Hennessy, sex and Hennessy
Pour that up
I get the remedy off that Hennessy
I go long it gives me energy boost my stamina pussy like a mai tai
So sweet when I dive into your love girl
I get a rush can't get enough
Heard what you said girl you gone to have to pay for it
When I pull up open up, quench my thirst wet like water you come first

Don't need no chaser girl I want you straight up
No ain't no limit when I finish this cup
