

Honesty

VEDO

VEDO baby

Just let it go
Asking all these questions you don't wanna know
The answer to
Just go with the flow
Just live in the moment I know what you want
But that's not good for you

For once, don't listen to your heart
What you asking of is dangerous
And you don't want it

It's better for the both of us
Girl you don't want honesty
From me
It's best if you don't fall in love
I'm telling you honestly
Baby (I'm telling you girl)

Oohoohoo
That you don't want honesty
Oohoohoo
That you don't want honesty
Oohoo
From me
Don't wanna say goodbye to you
So let me lie to you
Girl you don't want honesty
Uh

Love can be so complicated
Especially when intoxicated
Cut it out simmer down now
You gon' fuck up what we got going
Turn around turn the lights down
And take this dick

For once, don't listen to your heart
What you asking of is dangerous
And you don't want it

It's better for the both of us
Girl you don't want honesty
From me
It's best if you don't fall in love
I'm telling you honestly
Baby (I'm telling you girl)

Oohoohoo
That you don't want honesty
Oohoohoo
That you don't want honesty
Oohoo
From me
Don't wanna say goodbye to you
So let me lie to you

Girl you don't want honesty

It's best if we don't talk about it
Don't think about it, don't ask about it
Don't listen to your intuition
Don't become the victim
Girl you don't wanna know

It's better for the both of us
Girl you don't want honesty
From me
It's best if you don't fall in love
I'm telling you honestly
Baby (I'm telling you girl)

Oohoohoo
That you don't want honesty
Oohoohoo
That you don't want honesty
Oohoo
From me
Don't wanna say goodbye to you
So let me lie to you
Girl you don't want honesty

Oohoohoo
That you don't want honesty
Oohoohoo
That you don't want honesty
Oohoo
From me
Don't wanna say goodbye to you
So let me lie to you
Girl you don't want honesty
