

# I'm Able

VEDO

(Ooh, who did that?)  
It's VEDO, baby, yeah

I got a confession  
I can't wait to get you in my bed  
Make you back up what you said, shawty  
Girl, you know my preference  
Let's keep the lights on  
Wanna see your face when I'm grippin' on your waist, baby  
You know my specialty, ay  
Girl, I got what you need  
Droppin' off real good D  
Be your peace, real good sleep  
Yeah, yeah

Give your pain to me  
You can rain on me tonight  
You know I'm off that '42  
And I'm feelin' creative  
I'm so glad that you made it  
'Cause girl, I got some plans for you  
I can handle you  
Girl, you know, yeah

You know I'm able  
You know there's nothin' I won't do  
Are you vibin' with me, girl?  
I'm willin' and able for you  
Girl, I can manage  
You know that I don't quit  
Girl, can you come to my bed?  
When your body say when you wanna go, I go  
I'm willin' and able for you

Shawty, don't test me, ay  
You know I'm crazy, ay  
You get the real me, ay  
I know you feel me  
Sex and Hennessy, girl, take the clothes off  
Mix it with some THC and go off  
I'm on the mission to get to the middle  
Hit it from the back, I love that little jiggle (Ooh)  
Sex with me feels like a fantasy  
And tonight, girl, it's all about you (Oh-oh-oh, ooh-whoa)

So give your pain to me  
You can rain on me tonight  
You know I'm off that '42 (Oh-oh)  
And I'm feelin' creative  
I'm so glad that you made it  
'Cause girl, I got some plans for you  
I can handle you  
Girl, you know, yeah

You know I'm able (You know I'm able)  
You know there's nothin' I won't do (Ooh, no, no)  
Are you vibin' with me, girl? (Are you vibin' with me, girl?)

I'm willin' and able for you (For you)  
Girl, I can manage (Ah-han)  
You know that I don't quit (No, no)  
Girl, can you come to my bed?  
When your body say (Oh) when you wanna go, I go (Girl, I'll go)  
I'm willin' and able for you (For you, oh)  
Yeah, yeah  
Willin' and able for you, oh  
Give your pain to me  
You can rain on me tonight
