

I'm Really Him

VEDO

It's VEDO baby

I'm tryna put you on that new shit
Stamp your passport, luggage gon' be useless
'Cause we go shopping when we land
And we got greeters who gon' meet us
Let me show you exactly what I'm sayin'
Expensive champagne, rose petals at yo feet
Silk sheets, baby this a retreat, yeah
Infinity pools just to show you ain't no limits
Baby are you wit' it?

Yeah uh
Sex is better when it's private
Jet to you can't wait to slide in, oh yeah
Slip and wet it's like Poseidon
I feel the temperature rising, oh
It's something special when I met you shorty
I just wanna bless you now, oh
And baby tell me what you know

What you know about expensive dining, Tiffany diamonds?
Would you like it girl if we fly private? Secrets islands?
Let me know girl
Baby I'm luxury, company
You ain't gonna wanna answer your phone
I'm not what you used to see, honestly
Baby I'm one of one you already won

Come through
Everything catered, everything on me tailored
Just you
White-glove service, girl I got a feeling you worth it
Baby I'm luxury, company
You ain't gon' want to go back home
I'm not what you used to see, honestly
I'm really him you know

I'm tryna broaden your horizon
And ain't no question I would wife it
Need somebody to confide in
Red wine, watching the sunset
You get the best girl
That pussy chef kiss girl
Baby I'm not what you used to
Won't you let me introduce you

Trips to Pari, VERY, I.P
Legendary everywhere that I be
Swiss Alps in the summer where you find me
So bundle up baby you be right beside me
And I'm not tryna play no games
'Cause if you got then you got it
Baby you ain't gotta change
I'm not tryna change your lane
But my driver got a driver baby you ain't gotta drive

What you know about expensive dining, Tiffany diamonds?
Would you like it girl if we fly private? Secrets islands?
Let me know girl
Baby I'm luxury, company
You ain't gonna wanna answer your phone
I'm not what you used to see, honestly
Baby I'm one of one you already won

Come through
Everything catered, everything on me tailored
Just you
White glove service, girl I got a feeling you worth it
Baby I'm luxury, company
You ain't gon' want to go back home
I'm not what you used to see, honestly
I'm really him you know

Yeah anytime you want to do something different baby let me know
I'm really him you know
Explore places, new faces, elevation
