

It's You

VEDO

You Gone make me come through
Wake up all yo neighbors
Give yo ass a baby
And do some things I don't do
Cause I been drinking lately
So you know I'm motivated
Baby don't play with the pussy
Let a nigga spend time onnit
Let me go down on it
Let a nigga go to town onnit
Keep it up and ima eat that cookie
You deserve rounds tonight
Legs in the air
Throw em up like a V sign
When I'm gripping on ya waistline baby
Said she love to ride jodeci
Like it rough to 500 degress
12 play that's her favorite CD
Come and sex me
Girl forgive me it's this liquor mixed with

You, You
Ah yea it's you
Girl I love the way you
Move
You got me all in my bag [?]
Girl you know I'll spend that cash it's you
A nigga can't blame it on the henny
It's you
It ain't the weed I gotta feeling
It's you
Doing 60 in the 30
Music loud I'm drunk I'm swerving
Girl it ain't the liquid courage its you

I'll make sure you cum too
Take my time no hurry
MVP Stephen Curry
So you get the special treatment when I kiss it
Leave you weak in the knees
Leaking
Missing up yo weave
Baby don't play with the pussy
Girl you ain't gotta be shy
Rodeo won't you come ride
Girl you get whatever you want, want
Girl this weed got me gone gone
And I can't flex now
Know that pussy the best now
Said she live to ride jodeci
Like it rough to 500 degress
