VEDO

Hey  
Oh oh  
Oh girl  
Listen

Throw your panties to the floor (Come take them off, girl)  
Now bring it over here girl (Oh oh)  
We ain't gotta rush now  
Baby girl, you got what I wanted  
I got what you need yeah  
I'm here to serve you  
Not here to hurt you  
I'm finna do something to you  
Girl you deserve it all  
Girl you know

Hey  
Wouldn't be good if I jump on it  
Wouldn't it be good if all night I was in you  
Come kiss me  
Come with me  
Down the hall to my bedroom  
Tonight will be-

Making love faces  
Making love faces  
Shadows on the wall  
While candles burning  
Messing up the bed while you're sweating out your perm

Making love faces  
Making love faces  
My hands rubbing on your skin  
Let's go hard, don't hold it in

How did we end up on the floor, girl  
Your body is begging for some more, girl  
And girl I get just what you want  
And I get just what you need  
So baby just follow me aye  
'Cause I just got what you want  
And I'm going to give it to you all night  
Whenever you want it girl  
Just say it and I'll deliver

Hey  
Wouldn't be good if I jump on it  
Wouldn't it be good if all night I was in you  
Come kiss me  
Come with me  
Down the hall to my bedroom  
Tonight we'll be-

Making love faces  
Making love faces  
Shadows on the wall while candles burning  
Messing up the bed while you're sweating out your perm

Making love faces  
Making love faces  
My hands rubbing on your skin  
Let's go hard, don't hold it in

The way you bite your lip is that your way of telling me you like it? Mmhmm  
If I'm the best you ever had girl, in your life, say mmhmm  
And when your eyes roll back in your head, the shaking in your legs  
Mmhmm, mmhmm, that's what she said

Making love faces  
Making love faces  
Shadows on the wall  
While candles burning  
Messing up the bed while you're sweating out your permit

Making love faces  
Making love faces  
My hands rubbing on your skin  
Let's go hard, don't hold it in  
Love faces
