

Love Making

VEDO

Ohoh

Now I've been trying so long
To get you in my room tonight
Girl I did dime and dine ya'
On the rooftop in the moonlight
Now I know we not together
And we call each other friends but
So open up and let me in now

There will be love making, love making, baby love making
Until we fall asleep
And reach the highest peak

There will be love making, baby love making baby love making
Fill the room with candle light
And do it all night

There will be love making, love making, baby love making
Until we fall asleep
And reach the highest peak

There will be love making, baby love making baby love making
Fill the room with candle light
And do it all night

Now we didn't slept togheter
And that's something only lovers do
But that's alright baby
'Cause I think I'm in love with you
Now I know this might sound crazy
But I wanna make you my baby
'Cause you my special lady
And you driving me crazy

There will be love making, love making, baby love making
Until we fall asleep
And reach the highest peak

There will be love making, baby love making baby love making
Fill the room with candle light
And do it all night

There will be love making, love making, baby love making
Until we fall asleep
And reach the highest peak

There will be love making, baby love making baby love making
Fill the room with candle light
And do it all night

Love is like no other
Place no one above ya
I can't go a day without you
I said your love is like no other
There's no one above ya
I can't go a day without you

There will be-

There will be love making, love making, baby love making
Until we fall asleep
And reach the highest peak

There will be love making, baby love making baby love making
Fill the room with candle light
And do it all night

There will be love making, love making, baby love making oh yeah
Until we fall asleep
And reach the highest peak

There will be love making, baby love making baby love making
Fill the room with candle light
And do it all night
