

Make Love (Anywhere)

VEDO

Yeah
Yikes
Hey
Yeah yeah yeah
Vedo, baby

Girl, I invision you naked
Talk that shit, can you take it?
Oh you say you a rider
Speed it up, no braking
Let my touch motivate you
Let my tongue overtake you
f*ck you all over the house

If tomorrow never came
At least you can say you did
If the world never scream my name
At least I can say you did
Oh no no no no oo

I want to make love to you baby
Only for tonight
Make love to you
Driving you nuts
Making you crazy
I want to make love
Don't hold back, baby
Make that sound
Girl we can do it in the shower
Forget the bed
In my backseat
Kitchen counter
All on the stairs
It don't mather where
Give it to you anywhere
We can do it anywhere

Put you asleep then I wake you
I go deep had you shaking
Category 5 between them thighs
Making all type of faces
Kissing all type of places
That you didn't know turned you on

These sheets they gonna need replacement

If tomorrow never came
At least you can say you did
If the world never scream my name
At least I can say you did
Oh no no no no oo

I want to make love to you baby
Only for tonight
Make love to you
Driving you nuts
Making you crazy (I wanna give you all I got tonight)

Don't hold back, baby
Make that sound
Girl we can do it in the shower
Forget the bed
In my backseat
Kitchen counter
All on the stairs
It don't matter where
Give it to you anywhere
We can do it anywhere
I want to make love to you baby
Only for tonight
Make love to you
Driving you nuts
Making you crazy (I wanna give you all to you, baby)
Don't hold back, baby
Make that sound
Girl we can do it in the shower
Forget the bed
In my backseat
Kitchen counter
All on the stairs
It don't matter where
Give it to you anywhere
We can do it anywhere
