

## On My Way

VEDO

I can't wait  
You  
It's Vedo, baby  
Yeah

I'm on my way  
Hop on the plane  
Girl, I've been missing your body  
What you got on  
Send me a picture show me what I'm missing  
Don't hide it  
Girl you the one  
I miss when I kiss it  
And you get submissive girl  
It ain't no fun  
If I cannot touch it and leave a few hickies girl  
I can't lie  
Girl, I miss your vibe  
All between your thighs  
Making up with you by my side  
I miss that breakfast in the morning  
Your conversation keep me going  
I can't wait to get back to you  
Can't wait to go in my bag for you

It's been way too long  
Way too long  
Let's make sure you're home  
Sure you're home  
You should come and ride my wave  
Cancel your plans and come all day

Girl lets roll one  
Girl let's pour up  
We gotta vibe  
You know what it is  
Soon as I show up  
Real nigga you got one  
Girl don't slow up  
Talking that shit  
All in my ear  
Gonna make you a momma

Come get this blessing  
Kissing all over your neck and  
Girl I can't front you the best  
I did find me a wife and my best friend  
I'ma do the most baby when I pull up  
Shawty you the G.O.A.T  
You don't got to prove nothing  
Waiting all day girl I need your lovin'  
When I call pick up  
You, I can't wait to get next to you  
I've been all in my back all day  
Cuz' I miss all that freaky shit you do  
I'm on my way girl I won't be long  
Oh, Oh baby I can't wait no more

It's been way too long  
Way too long  
Let's make sure you're home  
Sure you're home  
You should come and ride my wave  
Cancel your plans and come all day

Girl lets roll one  
Girl let's pour up  
We gotta vibe  
You know what it is  
Soon as I show up
