

# OTB (Old Thang Back)

VEDO

Girl, it's been a minute since I seen your face  
Can tell you've been blessed and that you found your way  
Got so much to say, but it's not the time nor place  
Not trying to stop your progress  
Glad to see you bounce back, girl

Look at you on your shit in your Birkin  
Christian Loubs on your shoes, you been working  
So proud of you  
Don't know how often you hear that  
I gotta let you know you did that  
Oh

I'm not trying to press you, but you've been on my mind  
And now that you're here with me, there's no better time  
Do you got a man, if so I understand  
Just hit me when you get the chance

Can we pick up where we left off  
Know there was love there, you know too  
Girl, if you're open, let me through  
'Cause, girl, I want that old thing back  
Can we pick up where we left off  
Girl, I was hoping you would call  
I know you're focused, just hear me out  
You know I want that old thing back

I miss the thing that you do when you're mad at me  
I miss how we were a mood, we were so happy  
I'm such a vibe by myself, I know  
But when you're around, I'm just so much more  
Shawty you the best thing, wedding rings, I want you to know  
Girl, I'm confessing blessings, I can give you more  
But you just gotta trust that I'll defend  
You'll be more than just a homie, lover, friend  
Now that you're here

I'm not trying to press you, but you've been on my mind  
And now that you're here with me, there's no better time  
Do you got a man, if so I understand  
Just hit me when you get the chance

Can we pick up where we left off  
Know there was love there, you know too  
Girl, if you're open, let me through  
'Cause, girl, I want that old thing back  
Can we pick up where we left off  
Girl, I was hoping you would call  
I know you're focused, just hear me out  
You know I want that old thing back
