

Put It Up

VEDO

It's Vedo, baby

You know me
Pull up to the party late, smelling like a pound of weed
Good Cali bud, roll it up one time
Yeah we duckin' one time
Fuck it up one time, yeah
Henny in my cup, you know I'm loose
All of my bitches red bottoms, Jimmy Choo, yeah
You know all my niggas gon' shoot
So stay in your place, we don't need no funerals, 'cause...

I got the whole West Side in here with me tonight
We just tryna have a good time
If she not fuckin', she gon' have to catch a ride

I might pull it up in that AMG Benz, bet them niggas put it up
Smoking on that loud, if it's mid, put it up
VVS's on my diamonds gone hit like an uppercut
OG's show in love, send a bottle, pour it up
You know I'm with the clique tonight
And she know what it is tonight
Like it's the first of the month
I'm feeling like the shit tonight
I pull up and make them niggas put it up, aw yeah

She say that pussy like the deep end
Only in town for the weekend
She said she came with her best friend
Popped a Percocet and now she freakin'
Aw, yeah, yeah, yeah
She don't really fuck with thugs, but tonight she might
I'm gon' make her fall in love, miss her flight with the pipe
Hatin' niggas want to mug, tryna fight
Yeah, they better keep it tight, 'cause...

I got the whole West Side in here with me tonight
We just tryna have a good time
If she not fuckin', she gon' have to catch a ride

I might pull it up in that AMG Benz, bet them niggas put it up
Smoking on that loud, if it's mid, put it up
VVS's on my diamonds gone hit like an uppercut
OG's show in love, send a bottle, pour it up
You know I'm with the clique tonight
And she know what it is tonight
Like it's the first of the month
I'm feeling like the shit tonight
I pull up and make them niggas put it up, aw yeah

Know I came with a bag on me
So she gon' fuck, so her man is at home
And all my niggas with the shits
VVS's on my neck, AP on my wrist
Look like I brought the ocean with me
And she don't compare them to me
'Cause she know I'ma put it down, put it down

Real nigga here now

I might pull it up in that AMG Benz, bet them niggas put it up
Smoking on that loud, if it's mid, put it up
VVS's on my diamonds gone hit like an uppercut
OG's show in love, send a bottle, pour it up
You know I'm with the clique tonight
And she know what it is tonight
Like it's the first of the month
I'm feeling like the shit tonight
I pull up and make them niggas put it up, aw yeah
