

Real One

VEDO

It's Vedo, baby

Let me be the first one to say that
I see you workin'
I see you hurtin'
You don't wanna be the first one to say that
Say that you love me
Don't wanna trust me
You know the situation ain't the same
But you don't wanna take another chance
I get it baby, you just protecting yourself
Can't take another L

Girl, I know that you can't take another
Heartbreak, no more mistakes with love
Baby, you gotta know that I won't forsake
I'd give my all to you
Any chance that I get, I'll show you
We got a vibe, you're the gun to my holster
If I ride, I know you gon' be my soldier

Yeah, girl you rockin' with a real one
That's why I pull up when you call
Shawty, for you I take the fall
'Cause I know I got a real one
When your back's against the wall
You still manage to fight 'em off
Girl, you fuckin' with a real one
If I got it, then you got it babe
No, you can't do it by yourself, I won't allow it babe
