Treat everyday like it's your birthday yeah
That's why can nobody tell nothing 'bout you
Girl i know sometimes I can be handful
No one left to call I can still hit you
Yeah yeah
I know, i hit your line
You pull up like Uber every time
Girl ain't no question if I do the crime
You won't drop a dime
So I made you mine
Oh yeah

Right or wrong you know I got you baby
I won't have no other way
If it's about you girl I don't play
Let me find out
Baby I'ma ride for you
If I got to pull up
You know I'ma push 5 for you
Do you no wrong
Right or wrong
Hit my phone baby

You held me down when I had no one
And you didn't ask me for none nothing
So shawty you the real one
You know I'll get some

Don't get it twisted
This ain't no obstacle
I didn't start trippin'
Know that I'm stupid
You know that I'm with it
So don't put me in that position
Plus you way too fine
Know them niggas gonna try
Yeah Yeah
If you do the crime
I will never drop you down
You know I'm going to ride

Right or wrong you know I got you baby
I won't have no other way
If it's about you girl I don't play
Let me find out
Baby I'ma ride for you
If I got to pull up
You know I'ma put 5 for you

Do you no wrong
Right or wrong
Hit my phone baby

But they know my mama
Girl I don't want another yeah
You're more than enough girl I won't give it up no

Couldn't be nothing without you
You make me better
So I put it on you wherever

Right or wrong you know I got you baby
I won't have no other way
If it's about you girl I don't play

If I got to pull up
You know I'ma put 5 for you
Do you no wrong
Right or wrong
Hit my phone baby
